

# UK: Rising Gang Rapes of White Girls a Byproduct of Multiracialist Experiment

News/Comment; 2004-01-14

Figures released by Scotland Yard show that a hardcore of muggers from ethnic minorities are behind an alarming rise of gang rapes in London, reports the British National Party (BNP):

*"The figures suggest a disproportionately high involvement of young black or Asian males in group sex attacks and that a vast proportion of the victims are white European females. This sexual predation upon young white females is rising all across the country. We have reported earlier about incidents in Bradford and Oldham where Asian youths have targeted underage white schoolgirl, forcing them to use drugs and selling the girls on the streets for prostitution. One feature of these escalating incidents is the overwhelming lack of attacks upon young Asian women. These attacks suggest that the gangs do not prey upon their own ethnic groups but only upon other groups, predominantly white and to a lesser extent black."*

The problem with interracial rape that White women face in Britain is also faced by White women in America. New Century Foundation's acclaimed book *The Color of Crime* gives statistics on rape and other crimes in America:

*"More than 30,000 white women were raped by black men in 1994, and about 5,400 black women were raped by white men. The black interracial rape rate was 38 times the white rate.... Of the total of 490,266 acts of multiple-offender interracial violence, no fewer than 93.9 percent were committed by blacks against whites. Robbery, for which there is a monetary motive, accounted for fewer than one third of these crimes. The rest were gang assaults, including rapes, presumably for motives other than profit."*

BNP:

*"This climate of fear and terror being enacted upon the womenfolk of our urban areas has been brought about by the Marxist cult of multi-culturalism. It is that cult which must be challenged head-on by decent, sensible thinking people of all ethnic groups, particularly the white British folk in the towns and cities who are losing everything that was once held dear. That challenge must be conducted through protest, complaining, activism and getting organised into an active BNP unit, ready to take the challenge to the ballot box at every available electoral opportunity."*
